What we will be learning:

Math ~ We are learning different ways to make 10 and 20 using a ten frame, learning to think addition to subtract, and reviewing problem solving strategies.

Language Arts ~ We will continue working on comprehension strategies throughout the year to help us retell a story that we have read. Good readers ask questions before, during and after reading. This strategy helps us remember and understand what we are reading.

Science ~ We are learning about types of energy – sound, light, and heat.

Social Studies ~ We will finish Texas symbols and begin a unit on maps/cardinal directions.

Notes:

On November 10th and 11th the cafeteria will be preparing the traditional Thanksgiving lunch. If you plan to come eat with your child on one of these days, please fill out and return the form that was sent home in last Thursday's folder. If your child prefers to eat something other than the traditional meal, he/she should bring a lunch because this is all that will be offered on these days.

Have a great week!!
