

Mrs. Woodland's Class News

Week of October 3, 2016

Dates to Remember:

October 10th – Columbus Day/Student Holiday

October 14th – PTA Movie Night, 7:00 pm

October 17th – Red Ribbon Week

October 21st – Principal Coffee, 8:00 am

October 24th – Book Fair Week

What we will be learning:

Math ~ We are learning addition and subtraction strategies to help us remember math facts. Some of the strategies are counting on, adding zero, adding 1, doubles, doubles plus 1, etc.

Language Arts ~ We are working on comprehension strategies to help us retell a story that we have read. When reading we should be able to remember characters, setting, problem, solution and beginning/middle/end. We should be able to connect our reading to personal experiences, other books we have read, or something happening in the world around us.

Science ~ We are learning about matter (what it is and the forms –solid, liquid, gas). We will be learning about matter changing from one form to another.

Social Studies ~ We are finishing the 7 Habits for Leader in Me and identifying Texas symbols.

Woodland's Class Wish List (amazon.com) – Thank you all so much for purchasing the items on the class wish list. We have been using the play dough to build words in language arts and to make numbers in math. The headphones are quite handy because they help keep down the noise level in the classroom. The children are using the pillows in the reading center when they are reading to self or sharing a book with a friend. The kids are enjoying the new items in our classroom. Thanks again!
